

Thus it is evident that this effort is not directed to “saving the Lighthouse” just to save it. It is directed to “saving the Lighthouse” to put it to work, educating us with the lessons it holds, inspiring us with the heroics of its history, and linking us with a past that can fortify us for the future—all while it is restored to its historical and rightful place in providing safe navigation of our maritime craft.”

THOMAS F. ROBERTS III
*President
Fire Island Lighthouse
Preservation Society*
